BETTER CONTRACT SCREEN PRINTING

PLEASE READ OUR TERMS OF OPERATION ON THE RESOURCES PAGE PRIOR TO SENDING AN ORDER. WE WANT TO ENSURE OUR BUSINESS METHODS MEET YOUR EXPECTATIONS. IF YOU SHOULD HAVE ANY QUESTIONS FEEL FREE TO CONTACT US. THANK YOU FOR YOUR BUSINESS. WE APPRECIATE YOU.

WHO WE ARE

The OhioScreen.com story begins just out of high school. My grandfather (who I was living with at the time) had a horrible accident falling from his front stairs. Unfortunately months later he passed away. He left me a little cash and I wanted to bring his memories alive with an effort that would constantly remind me of him. With the unexpected resources, my dream to make the printing industry more relevant, exciting and fun was brought to reality when my first company was created. I called it Rprovision Signs in memory of my grandfather. (Rpro... for Rick Provence (his name also) and Provision... for my unforeseen provision) I focused on the wholesale to trade sign industry and manufactured vinyl signs and banners out of my grandmother's spare bedroom. I purchased my first plotter and a decent computer with my inheritance. Knocking on doors and working endlessly, I transformed my little business into a multi-million dollar entity employing over 50 individuals in a 9 year span.

From a personal perspective, thinking I was bettering my family by spending most of time away from them, & working hard on my now 9 businesses so that "eventually" I could spend all of my time with them I found myself never getting there. Chasing the almighty dollar I found myself on a mountain of money with no family. My family was crumbling right in front of me. My wife of 7 years left with our 4 children, and I was left with plenty of time to think about life's priorities.

God allowed me to see first hand that my identity in who I was as a business owner didn't mean anything. All that was free and God given was stripped away so that I could see clearly what I was doing and what or who I was taking advantage of. Although hard, but so worth it, I sold Rprovision in late 2013 to a friend and fellow printer in order to balance my life's priorities.

A short time after, my wife and I were reconciled and re-committed our relationship and our lives to God and each other. This time around we work as a team. If she's not involved then I have no interest. We started OhioScreen.com and work at it together. We are committed to our clients. We value them as part of our family. We would count it an honor to add you to our story and we're excited for the journey ahead.

May God bless you and yours...

Rick Provence - President

TERMS OF OPERATION

OhioScreen.com reserves the right, at its sole discretion, to change or amend these terms at any time.

SUPPLIED BLANK GARMENTS

- By default OhioScreen.com will not be held liable for blank garment costs, for any reason, when garments are supplied by the client

SUBMITTING ESTIMATES & ORDERS:

Estimate requests are accepted via email. Estimates will not be provided over the phone.

We do not accept Purchase Orders, All information must be submitted online via our submission forms.

Two methods acceptable for submitting an order:

1. Logging in, Selecting "NEW ORDER", and Entering your order through the online order submission form on OhioScreen.com. This is our preferred method. Art files must be sent to art@ohioscreen.com , or submitted using www.wetransfer.com if over 10mb in size.
2. Emailing the handwritten "Backup Form" to orders@ohioscreen.com. You can find this .PDF form on OhioScreen.com after logging in, on the "resources" tab. Feel free to print, (hand or digitally fill in necessary fields), scan, & send via email.

OhioScreen.com will follow all submitted orders intricately. If important instruction is necessary, Please include these instructions when submitting your order. Please do not rely on our opinion(s) or memory as we fulfill all orders per your instruction(s) on a job to job basis. If an option is selected by accident during the order submission process OhioScreen.com will not refund for the service rendered. You will need to submit an order change request and follow up via phone call to confirm receipt of the change.

SUPPLIED ART FILES:

When supplying art files please submit a vector image converted to outlines in a legacy format to rid the possibility of import issues. You may also supply a 300 + dpi to scale raster image as well, however, expect the output quality to be a little less than when supplying vector art.

SUBMITTING AN ORDER CHANGE:

If you are in a circumstance where you submitted an order and need to make a change, navigate to ohioscreen.com and login. Select "ORDER CHANGE". Enter & submit your order change with this form. We will receive your order change and process as specified. Please call in to our offices to confirm receipt of the desired changes to eliminate any negative possibilities.

CANCELING AN ORDER:

If you have to cancel an order for any reason, Call immediately with your cancellation request. Cancellation fees may apply on a per job basis.

TURNAROUND:

Standard Turnaround:

7-10 Business Days (10 am cut off)

Rush Turnaround:

+50% of Print & Service Cost

* Please call to confirm rush possibilities.

*Turnaround times do not include shipping times.

NOTE: THE ORDER SUBMITTED, PROOF APPROVALS (IF OPTED IN), AND BLANKS MUST BE RECEIVED BEFORE PRODUCTION TIME BEGINS. IF ANY ARE MISSING THIS WILL RESULT IN DELAYS.

LIABILITY & SPOILAGE/SCRAP RATE:

OhioScreen.com will not be held responsible for any/all print issues up to 5% of the jobs total order quantity or 3 total pieces (whichever is greater). OhioScreen.com will be held liable for the print/ink portion only.

DESIGN SETUP:

An emailed proof and 2 proof revisions are included with the design setup service. Additional proofs will be billed accordingly. In order to submit a design request you must submit your design order on our online design order submission form.

MOCKUPS / EMAILED PROOF:

We require mock-ups when submitting your job so that visually your expectations are properly communicated to our production team. If you cannot provide a mock-up, We offer mock-up/Emailed Proof design services. Both standard and blind proofs for the mock-ups designed are provided. Please allow 24-48 hours for a proof to be sent. This will vary based on current workloads of our designers. Proofs sent are not scale or reflections of the output color(s) and are only visual estimates of the final product. If an emailed proof is requested, your job will not proceed until emailed approval of proof is received. Also, if specific sizes or imprint locations are needed, the measurements must be included when submitting the order online, otherwise standard imprint size & location will be used as defined in our imprint areas section. When emailed proof is needed there will be charges based on garment types or colors unless otherwise instructed. When jobs submitted have more than one garment color, additional proofs will be generated and charged.

DIGITIZING:

Includes a digitized screenshot with color selection, a digital stitch out and a .DST file. High resolution source files are needed for a quality output.

PALLET ADHESIVE:

All product should be washed prior to use as we use a pallet spray adhesive to assist in a flat and quality print. Please expect a tacky adhesive on the inside of every garment. All printed product should be washed inside out to protect and extend the life of the print. Print may appear wrinkled or stretched until the garment is thoroughly washed. Extra fabric fuzz may be attached to the adhesive as well however will wash out.

SCREEN SETUP POLICY:

The 1st 4 screens used will qualify for our flat rate screen setup of \$20. Any additional screens are \$10 per screen used. A "screen" is defined per color / per location. *If any "job" should change the print design in any print location this will qualify for an additional setup charge. Please account for additional screens when submitting orders that have both adult & toddler/youth garments. Additional screens may be needed on smaller sized hoodies as well due to spacing from the collar seam and the top of the pocket.

GRADIENTS / HALFTONES:

When submitting a job that has gradation, Please expect the halftone size to be 8-10 pixels radius. If finer dots are required, Please specify in the special instructions when submitting your order online. (A specialty screen mesh type will be needed) +\$10 per color / per location will be added on half tone jobs

DARK GARMENTS:

Any garment color other than white or ash grey are considered a dark garment. See dark garment pricing in the screen printing section of this catalog.

REDUCER ADDITIVE:

We use a curable reducer to thin the plastisol ink out. Please note this may result in a darker / washed out appearing print. This also makes the print a softer hand feel.

PUFF / HIGH DENSITY ADDITIVE:

We use a liquid based additive that when added to plastisol ink and cured makes the ink rise off the garment for a puffy or rised feel and look. When submitting your order please specify desired puff thickness. If not specified we will proceed with our standard puff / high density additive usage. This is based on the imprint design appearance.

POLY BLEED BLOCKER ADDITIVE:

This is a great solution for reducing dye migration of a poly garment by about 75-80%. The bleed blocker is grey in color and is printed as an underbase. If poly bleed blocker is not used on poly garments, expect dye migration.

PMS COLOR MATCHING:

Please reference desired PMS color number as your imprint color, when submitting your order online. Numbers referenced on swatches are from the PANTONE Coated Book

SPECIALTY INKS:

Glitter or flake imprints are printed using a very low mesh count screen. This allows the glitter to pass through the screen and therefore resulting in a pixelated imprint. All glitter imprints should be very bold fonts and designs.

STOCK VINYL NUMBERS:

Pricing is per digit, however if multiple digits are being applied all at once, only one application charge applies. See options for font, size, & color in the "Stock Vinyl Number" section of this catalog.

TRANSFER APPLICATION:

If multiple transfers are being applied to one imprint location, only 1 imprint cost applies. We can supply the transfers or apply supplied transfers. If client supplies transfers, application instructions must be included. If application instructions are not included we will use our default settings which may result (depending on type of transfers) in spoilage. Please provide overages in order to for our application team to dial in settings.

PREFERRED IMPRINT APPEARANCE:

- Light Print
 - We will apply 1 layer of ink. Please note that on darker apparel (being that the inks are semi translucent) (depending on ink color) this could result in a washed out or darker appearing print. This option is great for a grungy, distressed look with a lighter hand feel
- Bold / Vivid
 - We will bump the imprint with multiple layers of ink. This will result in a heavy hand, thick feeling print. This option is great for bright logos or spot color prints.

NOTE: REGARDLESS OF IMPRINT APPEARANCE ON DARK GARMENTS, DARK GARMENT CHARGES WILL APPLY ON GARMENTS OTHER THAN WHITE OR ASH GREY GARMENTS.

STANDARD IMPRINT SIZES & LOCATIONS:

All imprint areas (unless otherwise specified) will be sized according to our standard imprint area specifications listed in this catalog. If size or imprint location is a concern, Please specify size and exact location. We also strongly recommend our emailed proofing / mockup service for a better visual estimate of imprint sizes. OhioScreen.com will not be held liable if output imprint sizes received were not to expectation if client does not specify necessary imprint size(s) at time of order submission.

Imprint location(s) measurement details will be designated by OhioScreen.com unless otherwise specified by the client per a special instruction. "Centered" imprints are centered horizontally only.

IMPRINT TOLERANCES

Please allow up to a 1/8 inch tolerance for all imprint(s) locations in every direction.

FOLDING:

Shirts are folded using a folding machine or table top folder. Folds are roughly 9 inches wide.

Hoodies are manually folded.

On orders where folding is not selected, we will sort and stack in groups of 12 by item type, color & size.

POLY BAGGING & SIZING STICKERS:

Poly bags are heat sealed. We do not polybag sweatshirts, jackets, or hoodies. Sizing stickers are round labels applied to the center of the front of the bag. We also apply amazon stickers. Kitting services are available for an additional charge.

PAYMENT & REFUND POLICY:

Preferred method of payment is credit card. OhioScreen.com accepts all major credit card types. We will also accept a business check, however the order will not commence until the check is received and cleared with shipping and handling costs included. Please notify us prior to sending a check so that we can expect the payment and not prolong your turnaround. Upon request we will place your card on file for future order payments. All (other than check) payments are processed automatically after the job is complete and ready for shipment. An invoice with order total and shipping information will be sent when the job ships. All jobs will not ship until the complete order(s) total balance is paid in full. Due to the custom nature of the business we do not offer refunds or returns for any reason. All orders over \$2000 will require 50% down before proceeding. If payments aren't received in full within 60 days, maximum penalty and interest will be applied. All transfer and embroidery orders are to be paid 100% up front.

MINIMUM ORDER:

All orders submitted should be \$35 or more. If the order total is less than \$35 the total invoiced amount will be \$35 plus shipping & handling.

PROMO CODES:

When processing a promo code, the promo code must be submitted with your order via our online ordering form on OhioScreen.com at time of order placement. We will not accept any promo code submission processes before or after your order submission(s). Promo codes are not valid for use on any/all rush jobs, on minimum orders or embroidery submitted. Promo codes are not valid on jobs with transfers. Promo codes are valid for 1 use only by the expiration date. Promo codes are not to be combined with any other offer. We do not apply promo codes on your behalf.

SHIPPING & HANDLING:

If blank garments are sent, and order, for any reason is cancelled the reseller is responsible for the shipping costs to any destination. A \$2.50 handling charge will be added to every order for every box used. Our default shipping method is UPS Ground. Please notify us at time of order submission if a priority shipping service is necessary. Pickup is available for local clients. Clients will be responsible for providing payment methods on shipments of \$2000+.

SUPPORT HOURS:

Monday - Friday = 10am - 4pm EST

SUPPORT / CONCERN:

Any support or order concerns are to be submitted online via our "Support / Concern" ticketing system within 14 days of receiving the order. Any necessary attachments or photos are to be emailed to: support@ohioscreen.com. Please allow 1 - 2 business days to received a detailed response. If reprints are necessary, please allow 7-10 business days for your reprint order to process.

CARE INSTRUCTION:

Wash all garments inside out with cold water and similar colors using gentle cycle. Tumble dry low or hang dry. If ironing is necessary, iron inside out on lowest setting.
